throughout the nineteenth century most black leaders were convinced that they had a particular role to play in american history especially in testing america s commitment to freedom and equality because of their history and suffering blacks felt they could add the moral and spiritual dimensions lacking in america this book examines what black leaders felt about themselves their identity about their relationship to america and about their involvement in american history black leaders knew who they were they were americans committed to the cause of emancipation elevation and equal ity they appropriated the american revolutionary model in their abolitionist erusade and understood the civil war as a continuation of the struggle initiated in 1776 yet the black image of america entailed a black self image since whites excluded blacks from their vision of america to refute the white denial they first had to refute the white denial they first had to refute the negative image that whites had of them black nationalism became an indispensable ingredient in their struggle for integration into american life publisher

the best of atlanta is a collection of images accumulated from ten books in arcadia s images of america series through some two hundred photographs we have attempted to project a visual sampling of life in this southern city considered by many to be the jewel in the southern crown in order to honor the traditions values and essence of atlanta we have worked in cooperation with the many authors in the series who know atlanta best from the tip of kennesaw mountain to the sandy banks of the chattahoochie

a history of chicago told through a collection of vintage photographs

over 60 images relating to the subject of patriotism in a full color paperback part of applewood s pictorial america series the

book features images drawn from historical sources and includes prints paintings illustrations and photographs this small gem is the ideal gift for anyone interested in a concise and beautiful visual history of patriotism in america

either america is the hope of the world or it is nothing there are those who have begun to despair of the west it is for them that i am writing bruckberger s book has been compared by many to tocqueville s democracy in america in both works americans see themselves through the sympathetic sometimes critical eyes of a frenchman bruckberger as chaplain general of the french resistance during world war ii was a scholar who lived a life of action and a priest who knew the life of the spirit he begins with a celebration of the american past but also offers a clear warning for the future the book was written after bruckberger s eight years in the united states during which he thought deeply about the country and came to love and admire it he sees what others have not and his heroes are in most instances not the ones normally chosen as seen from the perspective of the old europe the ideas and ideals that have shaped the history and character of america take on a new meaning the result is an image of america that is as enlightening as it is surprising bruckberger believes america brings to the western heritage an essential spark one vital for the angry and perilous post world war ii world and one equally important today that is america s regard for the individual for the non abstract living human being this theme contrasted with what bruckberger sees as the heresy of europe the subordination of human beings to abstraction is developed with wit and insight provided by publisher

the subject of images of america in scandinavia the first comprehensive study of its kind is as multifaceted complex and overwhelming as america or the united states itself it concerns the nature and function reality and fiction of such images in denmark norway and sweden past and present the book is intended to be a source of solid information as well as a starting

point for further inquiries into its cultural territory part of its focus is on images of america rooted in printed sources but in addition general surveys of other cultural signs of america in the scandinavian countries present a broader picture and provide some of the background for the predominantly literary images issues such as government and politics popular and vanguard music and art and socio cultural institutions intermittently come to the fore framing the volume s three pairs of national surveys is an introductory chapter which addresses the entire subject from a bird s eye view and a concluding chapter which by contrast delves into the cross fire of sentiments defining people whose images of america are both american and scandinavian the discussion of america as perceived in scandinavia sheds new light on intriguing inter scandinavian cultural distinctions and borderlines countless books and articles methods and theories have been devoted to the study of national and cultural identity still the exchanges between such identities and the images they engender so indispensable for the participants in a global culture remain clouded by many misconceptions images of america in scandinavia whose editors and authors all have scandinavian backgrounds will contribute an improved understanding of the cultural interplay between scandinavia and the united states of america
